

JĘZYK ANGIELSKI KLASA 6

TEMAT: Pets vocabulary. Nasi domowi ulubieńcy.

Hello everyone! How are you doing?
Nice to see you!

Let's talk about pets.

Have you got a pet? What is it? What can you say about your pet? Who takes care of it?

If you don't have ..., would you like to have any? What would it be?

By the way, I hope you are not allergic to any animal .

This pets vocabulary includes both popular animals people have as pets as well as the supplies needed to take care of them. In Poland pets are very popular. Pets are domestic animals (also called domesticated animals), are tamed to live in the home (tamed – oswojone).

If you don't remember the names of pets, there is a film for you:
